Off-road Utility Vehicles for Law Enforcement and Emergency Response

• Amphibious • All Season • All Terrain • All Wheel Drive • Up to Six Passengers

The ARGO for Law Enforcement

Some missions require the extra advantage that only the ARGO can provide. The all terrain, all season, amphibious ARGO 8x8 Avenger EFI transports your crew and equipment to areas that are normally inaccessible to conventional vehicles. Add the ARGO to your law enforcement fleet and get the job done in any terrain.

1 Convertible Top

Protects the occupants from the weather. Has removable side and rear doors, and stores folded down with boot cover. Requires windshield. (Optional driving light kit cannot be used with full convertible top.)

2 Rear Bench Seat Kit

The Avenger rear bench seat with back rest features versatile forward or rear facing position for easy entry/exit when the vehicle is equipped with a convertible top. The seat is more comfortable due to greater foam thickness and density.

Heater Kit (Avenger models)

Automotive style hot coolant heater with 2-speed fan to defrost windshield and heat passenger compartment.

3 Rubber Tracks (Avenger and Frontier models)

Lightweight and durable construction, combined with low rolling resistance to ensure smooth, quiet operation in most difficult terrain conditions. The 18" track width ensures optimum floatation and minimal ground pressure while the tread design offers exceptional traction on various hard and soft surfaces.

4 Fold-Down Windshield

Laminated safety glass in an aluminum frame features mounting hole for the optional windshield wiper kit.

Windshield Wiper Kit

Complete with everything needed to assemble and fit to your ARGO Windshield. The Wiper Motor mounts quickly and easily, requiring no drilling on newer style predrilled windshields.

5 Winch for Avenger

Features a handlebar mounted toggle switch. Convenient quick-remove bracket allows the winch to be removed or locked for added security.

Rear Receiver Winch Kit

This bracket mounts into the Avenger trailer hitch receiver, extending the versatility of your winch kit just in case you need more flexibility. Kit comes complete with instructions and wire harness for installation.

Wireless Winch Remote Control Kit (Avenger and Frontier models)

Wireless and compact, this unit can control remote use of winch from a location of up to 150' for added convenience and versatility.

6 Brushguard Kit (Avenger model shown)

Protects the winch and headlights from damage by the brush encountered along the trail. Installation of mounting kit or power winch kit is required. The Avenger Brushguard features an integrated tow hook (model shown).

Roller Protection Structure (ROPS)

Powder coated tubular steel frame provides rollover protection and seat belts for driver and front seat passenger.

Handlebar mounted GPS

Garmin GPSMAP 60Cx handlebar mounted GPS includes a 12 volt adapter and US / Canada Topo Map CD's.

Fog Lights

2 55W Fog Lights for extra visibility when you need it.

The Ultimate Search & Rescue Vehicle for Up to 6 Passengers

Adaptable and Reliable Off-road Mobility

For reliable off-road mobility, the ARGO 8x8 AVENGER EFI fits the bill perfectly. This amphibious, multi-purpose, multi-passenger, off-road vehicle offers a cost-effective platform for search & rescue, firefighting, EMS, homeland security, flood control and disaster relief. Many government and humanitarian agencies from around the world have already chosen the reliability and versatility of the ARGO and CENTAUR.

"Waterloo Regional REACT is dedicated to providing effective volunteer support and equipment to our Emergency Services in times of need. The unsurpassed versatility of the ARGO has allowed us to design a superior search & rescue vehicle that provides a highly efficient mode of transportation for the various Emergency Service responders, their equipment and patients."

Kirk A. Walker, President
REACT, Waterloo, ON

"We're very happy with the ARGO 8x8 Avenger, more so than we thought we would be. It's an amazing vehicle and fits our needs for bringing people and gear up deactivated logging roads year-round perfectly."

Michael Coyle, Coquitlam SAR, BC
www.Coquitlam-SAR.bc.ca

The ARGO and CENTAUR vehicles have a proven record worldwide with municipalities, human relief organizations and the government sector.

The applications are endless and here is why:

- Access to areas that are inaccessible with other vehicles
- Transport up to 6 passengers in any season
- All wheel drive, off-road vehicle for land, snow, ice, swamps and hills
- Fully amphibious without vehicle preparation
- Base vehicle can be customized for specific applications
- Very low ground pressure
- Excellent value in comparison to similar vehicles

Current Customers and Applications

Fire & Emergency Services, Search & Rescue as well as law enforcement departments in many municipalities, U.S. and Canada Coastguard, Department of Defense and U.S. Army Corps of Engineers. Call for a complete listing.
