

## CONQUEST OUTFITTER

# A TO B, COURTESY OF PLENTY OF HP.

On your way to where those pelt-wearing trophies await, it's always nice to have lots of muscle at your disposal. Thanks to the Conquest Outfitter, you've got all you need to get from point A to point B with ease. With a strapping VX 950 V-Twin EFI fan-cooled engine and the smooth Instant Torque Clutch (ITC), those out-of-reach spots, including high altitudes, are now your playground. Camp operators, lodge owners and big-game guides will also find much to like here, as these pack mules are eager to shoulder the big loads. Just be sure to bring some bigger straps. Because you never know what you'll be carrying with you when returning from point B to point A.
